Japan's Rules of the Road

Everyone can make this "a safe place for cycling"

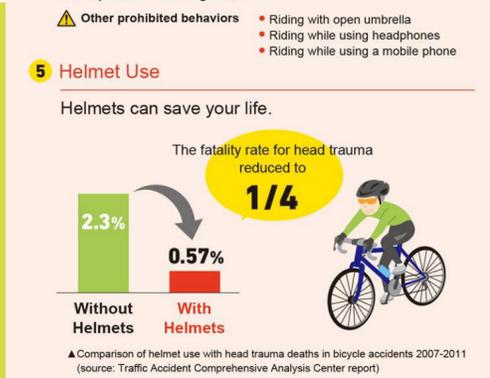

Kagawa Prefecture is promoting safe cycling through the establishment of rules for safe bicycle use. Let's share the roads with cars, pedestrians, and other bicycles with mutual respect and understanding.

- In principle, bicycles should ride on the roads, and on sidewalks only when necessary.
- Ride on the left side of the road.
- Yield to pedestrians on sidewalks, veering towards the road.
- Follow all safety rules.

- No cycling under the influence of alcohol, cycling with extra passengers, or parallel riding.
- Use your lights from 30 minutes before sunset.
- Stop and follow signals at intersections.

Other prohibited behaviors

- Riding with open umbrella
- Riding while using headphones
- Riding while using a mobile phone

Please get bicycle insurance!

- The number of cases involving high liability sums for traffic accidents is increasing.
- Just in case, get bicycle insurance that covers accident liability.

Cycling Safety Information

Don't forget to do a check before you ride!

- Tires**
Is there enough air? Any tears, holes, or deformities?
- Brakes**
Check if they work and how strong they are.
- Is your light bright enough?**
- Bell: Do you have one and does it work?**
- Check each part**
Anything loose or too tight?
- Chain**
Is it dirty? Is there proper lubrication?
- Position**
After checking your bike's condition, check its position.

Bike bag
If you use a bus or taxi on the island, you'll need to put your bike in a bike bag.

Things to Have

Check before you ride!

- Hex key (Allen/Unbrako/zeta key)**
The bike seat and most bike parts use a 4-6 mm hex key.
- Tire puncture repair kit**
- Portable air pump**
- Bike key**
- Bike bag**
- Normal footwear (including sandals)**
When on the ferry or other public transportation, or when visiting sights, please change out of your cycling shoes.

About AEDs

AEDs will guide user with sound and pictures, so follow the directions to operate. They are safe and simple to use.

- Follow the guide to operate.
- Turn on the power (some models will turn on when you open the cover)
- Attach the electric shock pads
- If the machine says a shock is necessary, the electric shock will commence.

Be careful of sharp curves and accidents!

On Shodoshima, there are many sharp curves and narrow roads, especially along the peninsulas.

To prevent head-on collisions, please reduce your speed when visibility is poor or along curves with blue lines painted on the roadside.
